The complete labelling solution for network cabling

Sharpmark -
the complete labelling solution for network cabling

An introduction to Sharpmark

Our company was established in 1991 to supply a complete labelling solution for network cabling.

We have developed our system especially for you - **data and telecoms installers.**

Our whole range is:

- easy-to-use;
- competitively priced;
- designed, developed and manufactured in the UK;
- comprises of many labelling products, friendly yet capable software and online resources;
- a complete system to provide the very best in cable and component labelling.

Products & Services

- **The Sharpmark Labelling System** - Labels you print yourselves with a laser printer. Consists of label sheets and software to print them.
- **Engraved Labels** - high quality, semi-rigid labels made by us to your exact specifications. These are often referred to as "Traffolyte" labels.
- **Label-printing service** for Sharpmark labels.

Only £49.95!

Labels

Most of our labels are supplied on A4 sheets for use with all standard office laser printers. Our adhesive labels are made from adhesive polyester, chosen for its durability, good appearance and printable qualities.

Our slide-in, or non-adhesive labels are also supplied on A4 sheets, and these are perforated for easy separation once printed. These are for use with patch panels and modules that have a window for the label to slide behind.

Thermal Labels

Sharpmark thermally-printable cable labels are self-laminating, wrap around labels designed for labelling cables.

For sizes and colours see the charts overleaf or visit: www.sharpmark.co.uk

Engraved Labels

Sharpmark Laser Engraved Labels are semi rigid labels which we cut out and engrave to your exact specifications.

- any size label with any layout to fit anything (providing the dimensions do not exceed 600mm x 300mm);
- we have templates for all popular patch panels and modules;
- competitively priced;
- high quality, fast service, lead time normally 1-2 working days.

All you now need to do is let us know the equipment you wish to label, your numbering scheme and the colour you require.

Please see our website for a complete range of colours and materials that we offer, www.sharpmark.co.uk

---

Sharpmark Label Printing Software

Our software is easy to use, pre-loaded with all the Sharpmark label part numbers, and many standard jobs based around equipment that you may want to label.

Alternatively you can create your own job from scratch, matching up the part number and layout of your choice.

It has complex number-generating capabilities to cater for all types of numbering schemes.

As part of our commitment to our customers our software comes with a multi-user licence and free upgrades for as long as you are a Sharpmark customer.

Our labels, website and software support many equipment manufacturers, including the following:

3M AMP NETCONNECT AVAYA Brand-Rex connectix CABLING SYSTEMS

HellermannTyton A SPIRENT Company HUBBELL ITT Industries Engineered for life KRONE maxxam "Selected For Quality" Mini6

molex Nexans NORDX/CDT CABLE DESIGN TECHNOLOGIES ORTRONICS PANDUIT

Visit **www.sharpmark.co.uk** now and view our **software demo** and check out our online **Compatibility Database** to help you search for the right label for your equipment.

Stuck for time?

Then let us print your Sharpmark labels for you.

Just let us know either what it is you want to label or the Sharpmark part number, what you want printed and we'll sort it for you!

- Cost effective (see price list for details)
- Next day delivery

Call us now on 08451 300016 to discuss your needs further.
